

Genetically Modified Organisms PCR Workshop

Amador Valley High School
Pleasanton, CA
Saturday, January 30, 2010
8:30 AM to 4:30 PM

This workshop is for science teachers to:

- Incorporate biotechnology into life science curriculum
- Understand genetic modification of plants
- Learn techniques for DNA extraction and PCR
- Network with other biotechnology teachers

REGISTER: Go to www.babec.org and click on “GMO Workshop” on the right side bar. Register **ONLY** if you can attend the entire workshop. Registrants must mail in a reservation check for \$50 to guarantee space in the workshop. It will be held and returned at the workshop, but will be forfeited for no-shows. Mail checks to: BABEC c/o Dr. Katy Korsmeyer, Dept of Chemistry, SJSU, San José, CA 95192-0101.

Continental breakfast, lunch and snacks will be provided.

You are part of BABEC if you or your school participates in SCCBEP, Gene Connection Chem Connection, EBBEP, PROBE, or SF-Base. For questions, contact Nicole Markelz (nicole_markelz@babec.org) or Katy Korsmeyer (kuokaty@scientist.com).
