Duncan Hall is on San Salvador between 4th and 7th Streets. READ SIGNS CAREFULLY. For quick drop-off and pick-ups,

San José State University

August 2006

main campus

Parking is limited on residential streets. PLEASE there are a few 30 min spaces at the Duncan Hall loading dock (P). Access driveway is located between the tan 7th Street Garage and the white Duncan Hall.

Parking on campus requires a SJSU permit at ALL times. 4th and 7th Street Garage parking permits costs \$2-\$8 (time-dependent). Permits available for purchase only from machines or the 7th Street Garage Parking Office. When classes are not in session, the small lot in front of Duncan Hall (P) is fairly empty. Access to that parking lot is from the 4th Street West Garage entrance. If you are given a complementary "E" permit, you may park at any of the lots and garages. Permits are usually mailed in advance or left in your name at the 7th Street Garage Parking office.

In Duncan Hall, take the ground floor lobby elevators to 6th floor. From the elevators, take a right and left at the T-hallway. SCCBEP Director Office (★ DH601A) is through the first lab DH601 doors on the left. SCCBEP Staff Office is at DH516.

SCCBEP and BABEC WORKSHOPS always start with breakfast in DH505. If parking discounts are arranged for multi-day workshops, you will be notified. Discount permits are picked up the first day from the ground level 7th Street Garage Parking Office.
