Wolbachia PCR: Discover the microbes within!

Saturday, November 7, 2009
at Santa Clara University
8:30 AM to 4:30 PM

With special guest speaker, Dr. William Reznikoff from
Woods Hole Marine Biological Lab

This Workshop is for Science Teachers to:

- Incorporate biotechnology into life science curriculum
- Learn about bacterial infections of insects
- Explore feminizing effects of these microbes on insects
- Learn techniques for DNA extraction and PCR
- Participate in real-world science!

REGISTER: Go to www.babec.org and click on “Wolbachia Workshop” on the right side bar. Please register ONLY if you can attend the entire workshop.

Continental breakfast, lunch and snacks will be provided.

You are part of BABEC if you or your school participates in SCCBEP, Gene Connection, EBBEP, PROBE, or SF-BASE. For questions, contact Nicole Markelz (nicole_markelz@babec.org) or Katy Korsmeyer (kuokaty@science.sjsu.edu).

Use all or part of the curriculum in any of the following classes:
Biology, Chemistry, AP, Integrated Science, Environmental Biology
